CFD futures trades are priced directly from the underlying futures markets, with commissions, financing charges and dividend adjustments all built into the spread itself. IC Markets Global offers competitive spreads across all of our Future CFDs.

Market Name	Underlying	Currency	Min Spread	Margin	Contract Size in MT4/MT5	Min size	Max size	Rollover Frequency
BTP Italian Bonds	Bond	EUR	0.03	0.5%	100	1	100	3 Months
Euro Bobl	Bond	EUR	0.02	0.5%	100	1	100	3 Months
Euro Bund	Bond	EUR	0.02	0.5%	100	1	100	3 Months
Euro Schatz	Bond	EUR	0.01	0.5%	100	1	100	3 Months

Trade Size Parameters

Trading sizes differ depending on the liquidity, market conditions and whether or not trade occurs within regular trading hours. As a guide to minimum trading size, please refer to the lot size of the corresponding market. Moreover when trading CFDs, you are trading the base currency of the underlying market.

Trading Hours

IC Markets Global's standard trading hours are from 17:00 Sunday to 17:00 Friday ET. These are IC Markets Global's usual trading times, which may differ on various market holidays and during daylight savings.

Margin/ Leverage

CFD products have a different margin percentage to our forex products. The margin column shows the margin for each of our CFDs.
Note that a margin of 1% is the equivalent of 100:1 leverage, 0.5% is equal to 200:1
